Yours faithfully,

The Board

A. Change of Benchmark Index and Name

The Board has decided to change the benchmark index and the name of the Receiving Sub-Fund as from the Change of Benchmark Index and Name Effective Date (as described in Appendix I), as further described in the table below:

	Before the Change of Benchmark Index and Name Effective Date	From the Change of Benchmark Index and Name Effective Date
Name of the Receiving Sub-Fund	Amundi Index MSCI Japan	Amundi MSCI Japan ESG Climate Net Zero Ambition CTB
Benchmark index of the Receiving Sub-Fund	MSCI Japan Index	MSCI Japan ESG Broad CTB Select Index

The aim of the Change of Benchmark Index and Name is to provide the Shareholders in the Receiving Sub-Fund with an exposure to the MSCI Japan ESG Broad CTB Select Index which is an equity index based on the MSCI Japan Index representative of the large and mid-cap securities of the Japanese Market. The Index excludes companies whose products have negative social or environmental impacts, while overweighting companies with strong ESG Score. Additionally, the Index aims to represent the performance of a strategy that reweights securities based upon the opportunities and risks associated with the climate transition to meet the EU Climate Transition Benchmark (EU CTB) regulation minimum requirements.

The Receiving Sub-Fund will bear any transaction costs associated with the Change of Benchmark Index and Name as and when incurred.

B. Impact of the Mergers on Shareholders of the Receiving Sub-Fund

On each of the First and Second Merger Effective Dates, all the assets and liabilities of the First Absorbed Sub-Fund and the Second Absorbed Sub-Fund, respectively, will be transferred to the Receiving Sub-Fund. Shareholders in the Receiving Sub-Fund should benefit from the increased investment capacity in the Receiving Sub-Fund and the economies of scale these Mergers should allow to achieve.

Like the Receiving Sub-Fund, the Absorbed Sub-Funds are compartments of a Luxembourg undertakings for collective investment in transferable securities (UCITS) subject to investment rules substantially similar to those of the Receiving Sub-Fund. Where required, the portfolio of the Absorbed Sub-Funds will be adjusted prior to the relevant Merger so that no rebalancing of the Receiving Sub-Fund's portfolio will be required before or after such Merger.

On implementation of the Mergers, shareholders in the Receiving Sub-Fund will continue to hold the same shares in the Receiving Sub-Fund as before and there will be no change in the rights attaching to such shares. Except for the characteristics related to the Change of Benchmark Index and Name, other characteristics of the Receiving Sub-Fund will remain the same after each relevant Merger Effective Date and the implementation of the Mergers will not affect the fee structure of the Receiving Sub-Fund.

Shareholders are however advised to contact a tax adviser and to clarify individually any possible tax consequences resulting from the Merger.

C. Terms and Conditions of the Operations

Shareholders who do not agree with the terms and conditions of the Operations have the right to redeem or convert their shares at any time free of charges (excluding redemption fees charged by the Receiving Sub-Fund to cover divestment fees and except for the fees acquired by the Receiving Sub-Fund to prevent dilution of shareholders investment) within at least one month from the date of this notice in accordance with the timeline set out in Appendix I.

Nevertheless, for UCITS ETF share classes, placing an order on the secondary market will trigger costs over which the management company of the Receiving Sub-Fund has no influence. Please note that shares that are purchased on the secondary market cannot generally be sold back directly to the Receiving Sub-Fund. As a result, investors operating on the secondary market may incur intermediary and/or brokerage and/or transaction fees on their transactions, over which the management company of the Receiving Sub-Fund has no influence. These investors will also trade at a price that reflects the existence of a bid-ask spread. Such investors are invited to contact their usual broker for further information on the brokerage fees that may apply to them and the bid-ask spreads they are likely to incur.

Such a redemption would be subject to the ordinary rules of taxation applicable to capital gains on the sale of transferable securities.

The Operations will be binding on all the shareholders of the Receiving Sub-Fund who have not requested the redemption or the conversion of their shares in the Receiving Sub-Fund in accordance with this paragraph C.

The cost of the Mergers will be fully supported by the management company of the Receiving Fund.

D. Documentation

The following documents are at the disposal of shareholders for inspection and for copies free of charge during normal business hours at the registered office of the Receiving Sub-Fund:

- the common terms of Merger;
