

Paris, 27 October 2023

Dear Sir/Madam,

As part of its ongoing quality assessment and product development programmes, Amundi ETF has taken the decision to **consolidate the ETF Share Classes of the Amundi MSCI World Climate Transition CTB with the Amundi MSCI World ESG Climate Net Zero Ambition CTB UCITS ETF** – which is a sub-fund of the Amundi ETF Irish Collective Asset Management Vehicle, or ICAV. We wanted to let you know and to explain a bit more about what comes next.

As of 5 December 2023 the ETF Share Classes of your sub-fund will be consolidated with the Amundi MSCI World ESG Climate Net Zero Ambition CTB UCITS ETF. At that point, you will hold shares in the Amundi MSCI World ESG Climate Net Zero Ambition CTB UCITS ETF instead of the shares you held in the Amundi MSCI World Climate Transition CTB.

More details of this operation are explained in the attached “Notice to Shareholders: Amundi MSCI World Climate Transition CTB UCITS ETF” document. This notice, which has been approved by the CSSF, Luxembourg’s financial regulator, includes all the information Amundi ETF is required to give you. It tells you everything you need to know about the potential implications of this operation for your investment. We therefore recommend you read it carefully.

Do please note that after the consolidation, your ETF **will not be listed on the London Stock Exchange**, which means you will **not be able to hold this fund in a UK Individual Savings Account (ISA)**. If you do currently hold this fund in an ISA, you may wish to contact your ISA provider to understand what steps they will take on your behalf.

For more information, please contact your usual financial adviser. Alternatively, if you would like further information from us, please contact client services on +44 207 074 9598 or via e-mail at Retail-UK-ETF@amundi.com.

Thank you for your continued confidence in us.

Yours faithfully,

Arnaud Llinas
Director – ETF, Indexing & Smart Beta

Luxembourg, 27 Octobre 2023

NOTICE TO SHAREHOLDERS: Amundi MSCI World Climate Transition CTB

**Proposed Consolidation of Shares of
“Amundi MSCI World Climate Transition CTB” (the “Original Sub-Fund”) into
“Amundi MSCI World ESG Climate Net Zero Ambition CTB UCITS ETF” (the
“Receiving Sub-Fund”)**

What this notice includes:

- **Explanatory letter** of the proposed consolidation
- **Appendix I:** Key differences and similarities between the Original Sub-Fund and the Receiving Sub-Fund
- **Appendix II:** Comparison of the features of the transferred share class(es) of the Original Sub-Fund and the corresponding receiving share class(es) of the Receiving Sub-Fund
- **Appendix III:** Timeline for the proposed Consolidation and the Merger

Dear Shareholder,

As part of the ongoing review of the product range competitiveness and client interest assessment, based on the provisions of Article 31 of the Original UCITS's articles of incorporation, it has been decided to consolidate:

- (1) **The ETF Share Classes described in Appendix II (the "Transferred ETF Share Classes")**, which you may own in **Amundi MSCI World Climate Transition CTB**, a sub-fund of Amundi Index Solutions (the "**Original UCITS**");

with

- (2) **The Share Classes described in Appendix II of Amundi MSCI World ESG Climate Net Zero Ambition CTB UCITS ETF**, a sub-fund of Amundi ETF ICAV (the "**Receiving UCITS**"), an *Irish UCITS collective asset-management vehicle* established as an umbrella fund with segregated liability between its sub-funds and registered under the Irish Collective Asset management Vehicles Act 2015 having its registered office at One George's Quay Plaza, George's Quay, Dublin 2, Ireland, registered under the laws of Ireland with number C461194 (the "**Receiving Sub-Fund**");

(the "**Consolidation**").

The Original UCITS and the Receiving UCITS will hereinafter be together referred to as the "**Entities**".

This notice is issued and sent to you to provide appropriate and accurate information on the Consolidation to enable you to make an informed judgement of the impact of the Consolidation on your investment.

Please note that the Consolidation will be processed automatically on the date indicated in Appendix III (the "**Consolidation Effective Date**"). It is not subject to your prior approval, vote or consent.

Attention to the shareholders is drawn to the fact that the Receiving Sub-Fund will subsequently absorb **Lyxor MSCI World Climate Change (DR) UCITS ETF**, a sub-fund of Multi Units Luxembourg (the "**Merger**"), which will be processed automatically on the date indicated in Appendix III (the "**Merger Effective Date**"), as further described below. It is not subject to your prior approval, vote or consent.

If you do not wish to participate in the Consolidation or the Merger however, you can request the redemption of your **Transferred ETF Share Classes** respectively in the Original UCITS for the Consolidation or in the Receiving Sub-Fund for the Merger in accordance with paragraph C. of this notice. Otherwise, with respect to the Consolidation your **Transferred ETF Share Classes** will automatically be converted into shares of the Receiving Sub-Fund of which you will become shareholder as from the Consolidation Effective Date and, with respect to the Merger Effective Date, in accordance with the terms and conditions of this notice.

Please take a moment to review the important information below. Should you have any question with respect to this notice or the Consolidation, please contact your financial advisor. Alternatively, you may also contact the management company by mail sent at:

Amundi Luxembourg S.A.
5, Allée Scheffer,
L-2520 Luxembourg
Grand Duchy of Luxembourg

Yours faithfully,

The Board

A. Comparison between the Original Sub-Fund and the Receiving Sub-Fund and Impact on Shareholders

The Original Sub-Fund and the Receiving Sub-Fund both are compartments of undertakings for collective investment in transferable securities (UCITS) of Amundi. Although they are not domiciled in the same European jurisdiction and, therefore, are not supervised by the same regulatory authority, the Original Sub-Fund and the Receiving Sub-Fund both are subject to EU harmonized UCITS legislation and offer similar investors protection. Also, the Receiving UCITS and the Original UCITS both exist under a form of public limited company qualifying as an investment company with variable capital and generally offer similar shareholders rights to their respective shareholders.

The Receiving Sub-Fund has been set-up for the purposes of the Consolidation and, to that effect, replicates, subject to some adjustments, the Original UCITS. As further detailed in Appendix I, the Entities share similar key features, management process, target asset class and geographical exposures, but differ in some respect notably in terms of certain replicated index and service providers. Both Entities seek to provide exposure to an equity index based on the MSCI World Index representative of the large- & mid-cap equities of the global developed markets (the "**Parent Index**"). Both the absorbed and the receiving index are designed to support investors seeking to reduce their exposure to transition climate risks and who wish to pursue opportunities arising from the transition to a lower carbon economy while aligning with the Paris Agreement requirements. The receiving sub-funds in addition aims to maximize exposure to positive environmental, social and governance (ESG) factors while maintaining risk and return characteristics similar to those of the respective underlying market capitalization weighted indexes.

It should also be noted that the Receiving Sub-Fund has adopted the International Central Securities Depository ("**ICSD**") settlement structure for the settlement of trading in its shares. Under the ICSD settlement structure, the aggregate holdings of all investors will be evidenced by a global share certificate and the sole registered holder of all shares in the Receiving Sub-Fund will be a nominee of the common depositary. Under the ICSD settlement structure, investors who are not participants in the ICSD will need to use a broker, nominee, custodian bank or other intermediary which is a participant in the ICSD settlement structure to trade and settle shares. The chain of beneficial ownership in the ICSD settlement structure may therefore be similar to existing nominee arrangements under the settlement model adopted by the Original Sub-Fund.

This Consolidation would result in better economies of scale in the long term and greater levels of operational efficiency, both of which should benefit to shareholders of the Transferred ETF Share Classes on the longer term.

Further disclosures in relation to the application of the Disclosure Regulation are set out in the Annex 1 – ESG Related Disclosures.</p>

Appendix I to this notice provides additional information on the key similarities and differences between the Original Sub-Fund and the Receiving Sub-Fund. Shareholders are also invited to carefully read the description of the Receiving Sub-Fund in its prospectus and relevant key information document (KID), which will be available on the following website: www.amundiETF.com.

The Consolidation of the Original Sub-Fund into the Receiving Sub-Fund may have tax consequences for certain shareholders. Shareholders should consult their professional advisers about the consequences of this Consolidation on their individual tax position.

✓ **UK retail investors.**

The Original Sub-Fund is currently registered with the UK's Financial Conduct Authority (the "FCA") for distribution to all investors under the FCA's Temporary Marketing Permissions Regime ("TMPR"). Transferred ETF Share Classes will however be transferred outside of the TMPR on 5 December 2023. The TMPR was originally intended to allow firms based within the European Economic Area to continue marketing funds into the UK for up to three years after the end of the Brexit transition period, provided they notified the FCA of their intention to do so prior to 31 December 2020. It was subsequently extended to five years i.e. to the end of 2025 for UCITS funds.

The window for registration is closed, so funds which were not registered prior to end 2020 cannot now be marketed into the UK. That applies to legal entities too, and because the Amundi ETF Irish Collective Asset Management Vehicle – the umbrella structure under which the Receiving Sub-Fund sits – was launched after 31 December 2020 it cannot benefit from TMPR.

The transfer will have the following implications for your investment:

(a) The Receiving Sub-Fund will not be listed on the London Stock Exchange, which may mean that you are no longer able to trade shares in it as you once did with the Original Sub-Fund. You may wish to contact your ISA account manager to find out more about what this means for you

(b) Your existing investments in the Transferred ETF Share Classes will no longer benefit from tax exemptions such as those enjoyed in the Individual Savings Account ("ISA") wrapper (see below).

Individual Savings Accounts:

As the Receiving Sub-Fund is not recognised under the UK TMPR and does not otherwise meet the necessary conditions, shares in it will not qualify to be held in an ISA. If you currently hold shares of Transferred ETF Share Classes through an ISA, it will therefore be necessary for you to arrange for those existing shares to be sold prior to the Consolidation, or for your relevant ISA account manager to take the appropriate action for you in order to preserve the full weight of the tax benefits attaching to your ISA.

Should you choose not to do anything, your ISA account manager should take the appropriate actions on your behalf, but we cannot guarantee when.

You should note that shares of Transferred ETF Share Classes which are currently held indirectly through an ISA via a fund of funds (whether UK-authorized or EEA UCITS-recognised under TMPR), or any other arrangement that is a qualifying investment for ISA purposes, should not be affected by the Consolidation.

Self-invested personal pensions:

The Receiving Sub-Fund is eligible for self-invested personal pension (SIPP) purposes under UK tax law. Nevertheless, each SIPP provider may impose its own restrictions.

If you are in any doubt about the course of action you should take, you should consult your stockbroker, bank manager, solicitor, accountant or other professional advisor.

✓ **UK professional investors and fund managers**

Transferred ETF Share Classes are currently registered with the UK's Financial Conduct Authority (the "FCA") for distribution to all investors under the FCA's Temporary Marketing Permissions Regime ("TMPR"). From 27-October-2023 that will no longer apply. The Receiving Sub-Fund will instead be registered with the FCA under the UK's National Private Placement Regime ("NPPR") which will ensure it remains accessible to professional investors and fund managers.

This change means the Receiving Sub-Fund will be listed on a European stock exchange (e.g., Xetra) but will no longer be listed on the London Stock Exchange.

B. Terms and Conditions of the Consolidation

On the Consolidation Effective Date, the assets and liabilities allocated to the Transferred ETF Share Classes will be transferred to the Receiving Sub-Fund and shareholders of the Original Sub-Fund who have not requested the redemption of their **Transferred ETF Share Classes** in accordance with this paragraph B. will automatically receive registered shares of the relevant share classes in the Receiving Sub-Fund. As from that date, such shareholders will acquire rights as shareholders of the Receiving Sub-Fund and will thus participate in any increase or decrease in the net asset value of the Receiving Sub-Fund.

The Original UCITS will entrust an authorised auditor to validate the criteria adopted for the valuation of the assets and of the liabilities of the Original Sub-Fund, the Receiving Sub-Fund and the Transferred ETF Share Classes as of the date for calculating the exchange ratio. The appointed auditor is PricewaterhouseCoopers, Société coopérative. A copy of the respective report of the authorised auditor will be made available upon request and free of charge to the shareholders of the Transferred Share Classes and to the Commission de Surveillance du Secteur Financier ("**CSSF**").

As the proposed operation is a share class consolidation, the appointed auditor shall also confirm that shareholders remaining in the Original Sub-Fund will not suffer any detrimental effect as a result of the contribution of the Transferred ETF Share Classes in the Receiving Sub-Fund and that the allocation of the assets and liabilities allocated to the Transferred ETF Share Classes is fair.

The Consolidation exchange ratio will be calculated on the Consolidation Effective Date by dividing the net asset value of the relevant share class of the Transferred ETF Share Classes dated as at the Last Valuation Date (as defined in Appendix III) by the net asset value of the shares of the corresponding share class of the Receiving Sub-Fund as at the same date. If the Transferred ETF Share Class and the corresponding Receiving Sub-Fund share class are denominated in different currencies, the exchange rate between such reference currencies as of the Last Valuation Date will apply.

In accordance with the above provision, the respective net asset value per share of the Transferred ETF Share Class and the Receiving Sub-Fund share class as at the Last Valuation Date will not necessarily be the same. Therefore, while the overall value of their holding should remain the same, shareholders in the Transferred ETF Share Classes may receive a different number of shares in the Receiving Sub-Fund than the number of shares they had previously held in the Transferred ETF Share Classes.

Should the application of the exchange ratio result in an allocation of fractional shares in the Receiving Sub-Fund share class to a shareholder of the Transferred ETF Share Class, the value of such holding following the application of the Consolidation exchange ratio will be rounded down to the nearest whole share and the value of the fractional entitlement will be distributed by way of a residual cash payment in the base currency of the relevant share class of the Transferred ETF Share Class. Residual cash payments, where applicable, will be made to shareholders of the Transferred ETF Share Class as soon as reasonably practicable after the Consolidation Effective Date. The time(s) at which shareholders of the Transferred ETF Share Class receive any such residual cash payments will depend on the timeframes and, if applicable, arrangements agreed between shareholders and their depositary, broker and/or relevant central securities depositary for processing such payments.

Any accrued income in the Transferred ETF Share Classes will be included in the final net asset value of the Transferred ETF Share Classes and accounted for in the net asset value of the relevant share class of the Receiving Sub-Fund after the Consolidation Effective Date.

Appendix II to this notice provides a detailed comparison of the features of the Transferred ETF Share Classes and the corresponding share classes of the Receiving Sub-Fund, which shareholders are invited to read carefully.

The cost of the Consolidation will be fully supported by the management company of the Receiving Sub-Fund.

In order to optimise the operational implementation of the Consolidation, no subscription, conversion and/or redemption orders relating to shares of the Original Sub-Fund on the primary market will be

accepted after the “Cut-Off Point” (as such term is defined in Appendix III). Orders received on the primary market after the Cut-Off Point will be rejected.

The Receiving Sub-Fund is to be launched by effect of the Consolidation. No shares of the Receiving Sub-Fund will be issued before the Consolidation Effective Date. Any subscription, conversion or redemption request on the primary market received by the Receiving UCITS, the Receiving UCITS' management company, the Distribution, Paying or Information Agent by the applicable cut-off time on the Consolidation Effective Date will be processed on the the first following day that is a Business Day.

Shareholders of the Transferred ETF Share Classes who do not agree with the terms and conditions of this Consolidation have the right to redeem their shares at any time free of charges (excluding redemption fees charged by the Original Sub-Fund to cover divestment fees and except for the fees acquired by the Original Sub-Fund to prevent dilution of shareholders investment) from the date of this notice until the “**Cut-Off Point**” as set out in Appendix III.

Nevertheless, for UCITS ETF share classes, placing an order on the secondary market will trigger costs over which the management company of the Original Sub-Fund has no influence. Please note that shares that are purchased on the secondary market cannot generally be sold back directly to the Original Sub-Fund. As a result, investors operating on the secondary market may incur intermediary and/or brokerage and/or transaction fees on their transactions, over which the management company of the Original Sub-Fund has no influence. These investors will also trade at a price that reflects the existence of a bid-ask spread. Such investors are invited to contact their usual broker for further information on the brokerage fees that may apply to them and the bid-ask spreads they are likely to incur.

Such a redemption would be subject to the ordinary rules of taxation applicable to capital gains on the sale of transferable securities.

The Consolidation will be binding on all the shareholders of the Transferred ETF Share Classes who have not exercised their right to request the redemption of their shares within the timeframe set out above.

C. Merger

On the Merger Effective Date, shareholders of the Transferred ETF Share Classes, who have participated in the Consolidation will now be shareholders of the Receiving Sub-Fund.

On such Merger Effective Date, all the assets and liabilities of **Lyxor MSCI World Climate Change (DR) UCITS ETF**, a sub-fund of Multi Units Luxembourg (the “**Absorbed Sub-Fund**”) will be transferred to the Receiving Sub-Fund. Shareholders in the Receiving Sub-Fund should benefit from the increased investment capacity in the Receiving Sub-Fund and the economies of scale this Merger should allow to achieve.

Prior to the Merger, all assets of the Absorbed Sub-Fund will be rebalanced to align with the Receiving Sub-Fund's portfolio in view of the Merger so that no rebalancing of the Receiving Sub-Fund's portfolio will be required before or after the Merger and no material impact on the portfolio of the Receiving Sub-Fund is expected.

Any accrued income in the Absorbed Sub-Fund will be included in the final net asset value of the Absorbed Sub-Fund and accounted for in the net asset value of the relevant share class of the Receiving Sub-Fund after the Merger Effective Date.

On implementation of the Merger, shareholders in the Receiving Sub-Fund will continue to hold the same shares in the Receiving Sub-Fund as before and there will be no change in the rights attached to such shares. The characteristics of the Receiving Sub-Fund will remain the same after the Merger Effective Date and the implementation of the Merger will not affect the fee structure of the Receiving Sub-Fund.

Like the Receiving Sub-Fund, the Absorbed Sub-Fund is a compartment of undertakings for collective investment in transferable securities (UCITS) subject to investment rules substantially similar to those of the Receiving Sub-Fund. Where required, the portfolio of the Absorbed Sub-Fund will be adjusted prior to the Merger so that no rebalancing of the Receiving Sub-Fund's portfolio will be required before or after the Merger"

Shareholders are however advised to contact a tax adviser and to clarify individually any possible tax consequences resulting from the Merger.

D. Documentation

The following documents are at the disposal of shareholders for inspection and for copies free of charge during normal business hours at the registered office of the management company of the Original Sub-Fund:

- the common terms of Consolidation;
- the latest prospectus and KID of the Original Sub-Fund and the Receiving Sub-Fund;
- copy of the Consolidation report prepared by the auditor;
- copy of the statement related to the Consolidation issued by the depositary of each of the Original Sub-Fund and the Receiving Sub-Fund.

A copy of the merger report prepared by the auditor in relation to the Merger is also at the disposal of shareholders for inspection and for copies free of charge during normal business hours at the registered office of the Receiving Sub-Fund.

APPENDIX I

Key Differences and Similarities between the Original Sub-Fund and the Receiving Sub-Fund

The following table presents the main features and differences between the Original and Receiving Sub-Fund. Appendix II provides a comparison of the features of the Transferred ETF share class(es) of the Original Sub-Fund and the corresponding receiving share class(es) of the Receiving Sub-Fund.

Unless stated otherwise, terms in this document shall have the same meaning as in the prospectus of the Original UCITS or the Receiving UCITS.

Information that crosses both columns is information that is the same for both sub-funds.

¹ New share class

* Management fees and other administrative or operating costs are the sum of Management Fees (max) and Administration Fees (max). They are as at the latest financial year end (as described in Appendix I) or, for a new share class, estimated based on the expected total of charges.

APPENDIX III Timeline for the Proposed Consolidation

Event	Date
Beginning of Redemption Period	27 October 2023
Transferred ETF Share Classes' Cut-Off Point	28 November 2023, 14h CET
Original Sub-Fund Freezing Period	From 28 November 2023, 14h CET until 4 December 2023
Last Valuation Date	4 December 2023
Consolidation Effective Date**	5 December 2023*
Last Valuation Date for the Merger	14 December 2023
Merger Effective Date**	15 December 2023*

* or such later time and date as may be determined by the board of directors of the Original Sub-Fund and the Receiving Sub-Fund and notified in writing to shareholders upon (i) approval of the Consolidation by the CSSF, (ii) completion, as applicable, of the thirty (30) calendar days prior notice period, as applicable, and additional five (5) working days referred to in the body of this document, and (iii) registration of the Receiving Sub-Fund in all jurisdictions where the Transferred ETF Share Classes is distributed or registered for distribution. In the event that the boards of directors approve a later Consolidation Effective Date, they may also make such consequential adjustments to the other elements in this timetable as they consider appropriate.

** Subscription, conversion and redemption of shares within the Receiving Sub-Fund will be temporarily suspended on the Consolidation Effective Date and on the Merger Effective Date. Any subscription, conversion or redemption request on the primary market received by the Receiving UCITS, the Receiving UCITS' management company, the Distribution, Paying or Information Agent, for an execution on the Consolidation Effective Date and/or on the Merger Effective Date will be executed on the following valuation day.
