A. Comparison between the Absorbed Sub-Fund and the Receiving Sub-Fund and impact on shareholders

The Absorbed Sub-Fund and the Receiving Sub-Fund both are compartments of Luxembourg undertakings for collective investment in transferable securities (UCITS) that exist under the form of a public limited company qualifying as an investment company with variable capital. Accordingly, shareholders in the Absorbed Sub-Fund and the Receiving Sub-Fund should generally benefit from similar investor protection and shareholders rights.

As further detailed in Appendix I, the Receiving Sub-Fund and the Absorbed Sub-Fund share similar key features, including target asset class and geographic exposure, but they differ in some respect notably in terms of service providers, management process, Sustainable Finance Disclosure Regulation (“SFDR”) classification and tracked index. With regards to the latter, although both the Absorbed Sub-Fund and the Receiving Sub-Fund track a bond index that is representative of euro-denominated bonds issued by public or private corporate issuers, (i) only bonds with ratings between BB- and BB+ and a minimum outstanding amount of 150 MEUR are eligible for investment in the index of the Absorbed Sub-Fund, (ii) while only bonds selected based on ESG criteria, with an average credit rating of BB or B and a minimum outstanding amount of 300 MEUR are eligible for investment in the index of the Receiving Sub-Fund.

It is also to be noted that the Receiving Sub-Fund and the Absorbed Sub-Fund differ in terms of distribution policy, as further described in Appendix II.

Shareholders in the Absorbed Sub-Fund should benefit from the increased investment capacity in the Receiving Sub-Fund and the economies of scale this Merger should allow to achieve, while getting exposure to the same target asset class(es).

Index	Markit iBoxx EUR High Yield Corporates BB Top 50 Mid-Price TCA	iBoxx MSCI ESG EUR High Yield Corporates TCA Index
Investment Objective	<p>The investment objective of the Absorbed Sub-Fund is to track both the upward and the downward evolution of the “Markit iBoxx EUR High Yield Corporates BB Top 50 Mid-Price TCA” – Total Return (the “Index”) denominated in Euros – while minimising the volatility of the difference between the return of the Absorbed Sub-Fund and the return of the Index (the “Tracking Error”).</p> <p>The anticipated level of Tracking error under normal market conditions is expected to be up to 1 %.</p>	<p>The investment objective of the Receiving Sub-Fund is track the performance of iBoxx MSCI ESG EUR High Yield Corporates TCA Index (the “Index”), and to minimize the tracking error between the net asset value of the Receiving Sub-Fund and the performance of the Index.</p> <p>In normal market conditions, it is anticipated that the Receiving Sub-Fund will track the performance of the Index with a tracking error of up to 1%.</p>
Investment Policy	Indirect replication as further described in the Absorbed Sub-Fund prospectus. For additional information, please refer to Appendix I.	Direct replication as further described in the Receiving Sub-Fund prospectus. For additional information, please refer to Appendix I.

Appendix I to this notice provides additional information on the key similarities and differences between the Absorbed Sub-Fund and the Receiving Sub-Fund. Shareholders are also invited to carefully read the description of the Receiving Sub-Fund in its prospectus and relevant key information document (KID), which will be available on the following website: www.amundiETF.com.

The Merger of the Absorbed Sub-Fund into the Receiving Sub-Fund may have tax consequences for certain shareholders. Shareholders should consult their professional advisers about the consequences of this Merger on their individual tax position.

B. Portfolio Rebalancing

Prior to the Merger Effective Date, the Absorbed Sub-Fund's portfolio will be rebalanced to align with the Receiving Sub-Fund's portfolio in view of the Merger so that no rebalancing of the Receiving Sub-Fund's portfolio will be required before or after the Merger. The Absorbed Sub-Fund will bear any transaction costs associated with such operation as and when incurred. Shareholders who remain in the Absorbed Sub-Fund during this period will therefore be subject to such costs.

Such operation will occur before the Merger Effective Date during the Absorbed Sub-Fund Freezing Period as indicated in Appendix III, depending on the market conditions and in the best interest of the shareholders.

During such short period before the Merger, the Absorbed Sub-Fund may not be able to comply with its investment limits and investment objective. As a result, there is a risk that the performance of the Absorbed Sub-Fund may deviate from its expected performance for a short-term period before the Merger Effective Date.

C. Terms and Conditions of the Merger

On the Merger Effective Date, all the assets and liabilities of the Absorbed Sub-Fund will be transferred to the Receiving Sub-Fund and shareholders of the Absorbed Sub-Fund who have not requested the redemption or the conversion of their shares in the Absorbed Sub-Fund in accordance with this paragraph C. will automatically receive registered shares of the relevant share class in the Receiving Sub-Fund and, if applicable, a residual cash payment. As from that date, such shareholders will acquire rights as shareholders of the Receiving Sub-Fund and will thus participate in any increase or decrease in the net asset value of the Receiving Sub-Fund.

The Merger exchange ratio will be calculated on the Merger Effective Date by dividing the net asset value per share of the relevant share class of the Absorbed Sub-Fund dated as at the Last Valuation Date (as defined in Appendix III) by the net asset value per share of the shares of the corresponding share class of the Receiving Sub-Fund. If the Absorbed Sub-Fund share class and the corresponding Receiving Sub-Fund share class are denominated in different currencies, the exchange rate between such reference currencies as of the Last Valuation Date will apply.

A new share class in the Receiving Sub-Fund will be specifically activated on the Merger Effective Date to effect the exchange with the corresponding share class of the Absorbed Sub-Fund. For each share of the relevant share class of the Absorbed Sub-Fund held, shareholders will receive a share of the relevant share class of the Receiving Sub-Fund.

Any accrued income in the Absorbed Sub-Fund will be included in the final net asset value of the Absorbed Sub-Fund and accounted for in the net asset value of the relevant share class of the Receiving Sub-Fund after the Merger Effective Date.

Appendix II to this notice provides a detailed comparison of the features of the share class of the Absorbed Sub-Fund and the corresponding share class of the Receiving Sub-Fund, which shareholders are invited to read carefully.

The cost of the Merger will be fully supported by the management company of the Receiving Sub-Fund.

In order to optimise the operational implementation of the Merger, no subscription, conversion and/or redemption orders relating to shares of the Absorbed Sub-Fund on the primary market will be accepted after the "Cut-Off Point" (as such term is defined in Appendix III). Orders received on the primary market after the Cut-Off Point will be rejected.

In addition, any subscription, conversion or redemption request on the primary market received by the Receiving UCITS, the Receiving UCITS' management company, the Distribution, Paying or Information Agent by the applicable cut-off time on the Merger Effective Date will be processed on the first following day that is a Business Day.

Shareholders who do not agree with the terms and conditions of this Merger have the right to redeem or convert their shares at any time free of charges (excluding redemption fees charged by the Absorbed Sub-Fund to cover divestment fees and except for the fees acquired by the Absorbed Sub-Fund to prevent dilution of shareholders investment) from the date of this notice until the **"Cut-Off Point"** as set out in Appendix III.

Nevertheless, placing an order on the secondary market will trigger costs over which the management company of the Absorbed Sub-Fund has no influence. Please note that shares that are purchased on the secondary market cannot generally be sold back directly to the Absorbed Sub-Fund. As a result, investors operating on the secondary market may incur intermediary and/or brokerage and/or transaction fees on their transactions, over which the management company of the Absorbed Sub-Fund has no influence. These investors will also trade at a price that reflects the existence of a bid-ask spread. Such investors are invited to contact their usual broker for further information on the brokerage fees that may apply to them and the bid-ask spreads they are likely to incur.

Such a redemption would be subject to the ordinary rules of taxation applicable to capital gains on the sale of transferable securities.

The Merger will be binding on all the shareholders of the Absorbed Sub-Fund who have not exercised their right to request the redemption or the conversion of their shares within the timeframe set out above. The Absorbed Sub-Fund will cease to exist on the Merger Effective Date and its shares will be cancelled.
